

Crompton

PERFECT HOT WATER FOR PERFECT HYGIENE

Crompton Water
Heater Range 2021-22

Over the years, Crompton has spread wings across markets and consumer products like fans, light sources, luminaries, pumps and households appliances such as geysers, mixer grinders, toasters, irons, etc.

Its state of art manufacturing units are located in Goa, Vadodara, Ahmednagar, Baddi. With 1,50,000 plus retail points, Crompton aims to establish a positive connect across India through its superior product range.

Experts at its R & D center innovate continuously to enhance convenience by delivering functional product range with stringent quality processes and certification of BEE and ISI.

And we have a service network of 365+ touch points to give seamless service throughout the country.

1.5 lac - Retail points across the country

365+ - Touch points of service network

No.1 - Winner of iF Design award 2021

44⁰ C – THE MAGIC NUMBER

The new range of Crompton water heaters with its Precision Heating Technology is the ideal tool to enjoy a temperature-controlled bathing experience.

**PERFECT HOT WATER
YAANI PERFECT HYGIENE**

DID YOU KNOW?
The optimum temperature of taking a warm bath is 44⁰C

BETTER SLEEP

One of the benefits of taking a hot water bath is that it makes you feel comfortable. The hot and cozy water relaxes the muscles and soothes you mentally and physically. This ultimately leads to healthy sleep.

STAY IN SHAPE

Over-stretched muscles, sports injuries and other small pains of your body can be easily diminished once you take a dip in the hot water. It helps you, overall, to stay in shape as well.

CONTROL BLOOD PRESSURE

Studies have shown that soaking in a hot bath can lower your blood pressure. This is a great system for those with heart conditions and even those who don't.

RELIEVES COLD/ FLU SYMPTOMS

One of the benefits of taking a hot bath is that it makes you feel comfortable. The hot and cozy water relaxes the muscles and soothes you mentally and physically. This ultimately leads to healthy sleep.

CLEAN AND HEALTHY SKIN

Over-stretched muscles, sports injuries and other small pains of your body can be easily diminished once you take a dip in the hot water. It helps you, overall, to stay in the shape as well.

REDUCE HEADACHE

Most types of headaches are caused by the narrowing of blood vessels in the head. The positive effect of the hot water on our blood vessels can be used to alleviate the pressure on those blood vessels and cure headache.

IMPROVES BLOOD CIRCULATION

Dipping the body in hot water to the neck is kind of an exercise for your blood vessels. This is because water creates physical pressure on the body and so it increases the capacity of our heart.

WHY CHOOSE CROMPTON WATER HEATER?

STORAGE WATER HEATER

POWERFUL HEATING ELEMENT

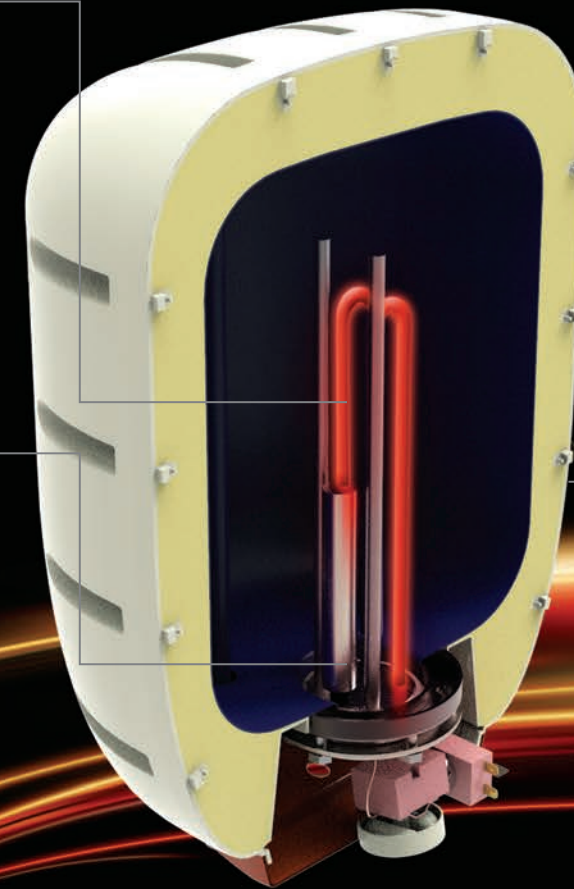

These water heaters have 1200 gm superior heating element for faster heating. Achieve 45o C temperature in 10 mins.

NANO POLY BOND TECHNOLOGY

Excellent Corrosion resistance ensured by polymer technology & oxidation resistance even in high temperature and pressure

SMART SHIELD CORROSION PROTECTION

A magnesium anode rod that works in different Water Conditions, protects the tank and heating element from corrosion and scaling thus increasing the lifespan of the water heater.

Precision heating technology

Precision Heating Technology in Crompton water heaters is the ideal tool to enjoy a temperature-controlled bathing experience. One can pre-set the temperature to the desired degree with digital control and get the perfect hot water.

SUITABLE FOR HIGH-RISE BUILDINGS

High pressure rating, and the use of multi-function valve in our models, make our water heater withstand up to 10 bar pressures making it suitable for high-rise buildings.

5 - STAR RATED ENERGY EFFICIENT

High Grade Eco- friendly PUF insulation ensures high heat retention and thus reducing your electricity bills.

SMART ENERGY MANAGEMENT

Smart design with Standby cut off that consumes less electricity.

ADVANCED 3 - LEVEL SAFETY

Crompton Water Heaters have advanced 3-level safety that keeps all parameters in check for protection against electric shocks and auto-off function in case of malfunction.

TRIPLE SHIELD PROTECTION

The glass line coated tank, Magnesium Anode, and blue glass lined incoloy element protects the water heater from corrosion oxidation and scaling thus giving a longer life.

HOW SOLARIUM QUBE PLUS WORKS?

PRECISION HEATING

After turning on the water heater, inside water temperature will be displayed & turn blue

Now you can set the desired temperature by [+] and [-] feather touch button. Also has Memory function, It will heat water to desired temperature so everytime you need not to set temperature

After every 30 seconds, set temperature blinks 2 times

After reaching the desired temperature, LED indicator will turn orange

SOLARIUM QUBE IOT

Available in 6L, 10L, 15L & 25L

- Remotely controlled by Mobile App
- Smart scheduler
- Digital temperature Display
- Smart Energy Management
- Bathing modes For ease of use
- Powerful heating Element
- Pre-set timer
- Smart shield Corrosion protection
- Auto standby mode
- Smart color-changing LED indicator
- Superior safety system
- Nano polybond Technology
- Energy saving In-Situ PUF
- Rust & Shockproof body

WARRANTY
